

SUPERSIZE

Sometimes the situation demands more than just visibility. It demands dominance! With Supersize you'll occupy a space that literally lifts your brand above the competition.

Supersize is a gigantic, illuminated OOH unit comprised of an impressive 36 square metres strategically placed at the busiest points of entry to Stockholm and Gothenburg. This isn't just about size and visual impression, the clever locations work just as hard to maximise the impact of your message.

Do you want to take your campaign one step further? Supersize offers creative possibilities for exceptional executions that really make your advertising shine. When you seriously want to dominate, stand out and be seen – choose Supersize.

We calculate and disclose the carbon footprint of every campaign and offset that footprint in cooperation with ClimatePartner.
