

DIGISIZE BUS SHELTER STOCKHOLM 300

When you want to be seen digitally in Stockholm’s A-region, Digisize Bus Shelter Stockholm 300 is the obvious choice, as a part of our city network. The network extends from Stockholm city out to the surrounding municipalities across the region.

Take advantage of the benefits of the digital channel through dynamic and flexible campaigns by adapting messages based on day of the week, time of day, stock levels, or other factors to make your campaign even more relevant.

Digisize Bus Shelter Stockholm can be combined with Metro Digisize, providing maximum influence across the city’s urban media landscape. By appearing on our new digital surfaces, you not only gain reach, but also achieve impact!

Available for purchase from week 10 2026.
